

Intelligent. Secure. Connected.

AVP

Company Profile

Automation, security, access & fire safety, professional AV, energy & solar, and Wi-Fi.

A home that responds before you ask

Scenes, security, cinema,
connectivity and energy
awareness — orchestrated so the
technology disappears into the
living experience.

SMART AUTOMATION | SECURITY | WI-FI | HOME
THEATRE

Illustrative concept

Performance without visual noise

Access, collaboration,
surveillance, network
resilience and energy visibility
designed into the workplace
— never added as an
afterthought.

ACCESS | PROFESSIONAL AV | CCTV |
CONNECTED WI-FI | ENERGY

Illustrative concept

Six integrated technology services

AVP brings individual systems into a single, accountable outcome.

01 **Smart automation**

Scenes, lighting, shades and intuitive control.

02 **Security & surveillance**

CCTV, perimeter awareness and incident readiness.

03 **Access & fire safety**

Credentials, visitor flow and life-safety coordination.

04 **Professional audio & video**

Home theatre, meeting rooms, displays and sound.

05 **Energy & solar**

Solar, metering and a clearer energy picture.

06 **Wi-Fi & networks**

Coverage, capacity and secure segmentation.

Illustrative concept

Trusted where the details matter
